

Printed Circuit Board Process Operators

For 30 years Alfatron has been a leading electronics manufacturer in Australia. We pride ourselves on offering quality products and service for our customers. At Alfatron, we value integrity, innovation, professionalism and passion. This is an exciting period of growth for us and we are seeking positive, enthusiastic team players to join our team. Experience in the industry would be an advantage, however not essential as training will be provided.

The Fabrication of printed circuit board is a skillset that has been lost from Australian shores for over 10 years, and we are excited to be bringing it back!

About this role

This role would ideally suit an individual who is experienced in the fabrication of printed circuit boards or comes from a CNC operation, screen printing or electroplating background, however may also suit a passionate learner who would like to kick start their career in PCB Fabrication.

Training can be provided for the right candidate who is looking to upskill, reskill or have a career change to an exciting and invaluable skillset.

- Preparation of panels for CNC drilling
- CNC routing of completed boards
- Preparation of stacks for multilayer bonding
- Copper and Tin electroplating of panels
- Copper etching
- Responsible for chemical maintenance
- Screen printing solder mask inks to panels
- Operating equipment for UV imaging panels
- Developing panels

About you:

- Previous experience in PCB Fabrication advantageous
- Previous experience within a fast-paced contract manufacturing environment advantageous
- Ability to work under pressure in a high volume, fast pace changing environment
- Ability to work within strict quality standards and guidelines
- Ability to follow established machine safety rules and regulations.
- Maintain a safe and clean work space
- Great eye for detail and dexterity
- Excellent communication skills
- Australian Citizenship - must be eligible for the Australian Government BASELINE security check

This role is required onsite and thus you will be required under the Victorian Government mandate to provide proof of vaccination in accordance with the mandate.

As a Defence security clearance is required for this role, applicants must be Australian citizens and eligible to obtain and maintain a Baseline clearance. To learn more about clearances please visit – <http://www.defence.gov.au/AGSVA>

Why us?

- Competitive remuneration
- Professional learning and development opportunities
- Working in a dynamic and supportive team environment

We are committed to ensuring diversity, inclusion and equality are embedded throughout our organisation for the benefit of our customers and our employees. We strive for a positive and engaging workplace where mental health and wellbeing are supported. We welcome applicants from all diverse backgrounds, including Aboriginal and Torres Strait Islander people.
