

Software Engineer (C++)

DefendTex is an Australian owned Defence company with a strong focus on innovation, research and technology development. DefendTex services military and law enforcement communities around the world. At DefendTex, we value integrity, innovation, professionalism and passion. Our vision is to be a world leader in defence innovation.

This is an exciting period of growth for us and we are looking for an enthusiastic Software Engineer to join our team.

As a Software Developer at DefendTex you will support general software development for a number of projects which include autonomous systems and GUI applications.

Experience with some of following skills is desirable:

- Python
- Linux / Unix-like
- Drone Experience
- Embedded Linux systems (Buildroot, Yocto)

Required skills:

- C++ Experience

You need:

- Bachelor of Computer Science or equivalent
- Eligibility to meet Baseline security clearance requirements
- Not be a prohibited person under Section 3 of the Firearms Act 1996 (Victoria)

A dynamic, agile and enthusiastic applicant who operates well in a multidisciplinary team environment will suit this role.

Why us?

- Competitive remuneration
- Exciting projects and industry leading innovations
- Professional learning and development opportunities
- Working in a dynamic team environment with talented engineers to develop innovative, novel applications for defence
- Opportunity to work collaboratively with external research organisations and institutions

We are committed to ensuring diversity, inclusion and equality are embedded throughout our organisation for the benefit of our customers and our employees. We strive for a positive and engaging workplace where mental health and wellbeing are supported. We welcome applicants from all diverse backgrounds, including Aboriginal and Torres Strait Islander people.

If you are looking for a unique and exciting opportunity, we look forward to your application.

Interested?

If this sounds like you, are you're interested in applying for this exciting role, please send your CV and Cover Letter to our Head of People and Culture, Lauren McCleery at lauren.mccleery@defendtex.com
